The event is aimed at representatives of the food processing, packaging & photonic industry. Please register by 15 January 2019 at the latest, as the number of participants is limited. Participation is free of charge. Registration for the event is required. After receipt of your registration you will receive a confirmation.

Please reply by 15 January 2019.

Data protection:

I expressly consent to the use of my personal data, which is collected within the framework of registration, for the purpose of carrying out the booked event. You will find detailed information on the handling of user data in our data protection declaration at <http://foodprocessing.de/datenschutz/>

Participant lists:

I hereby agree that my name and company affiliation will be published in the list of participants on display at the event. My complete address data will not be passed on at any time.

Yes No

Photography and filming:

By participating in an event, I agree that image, film and sound recordings on which I can be seen or heard can be used for documentation purposes. An exception is unfortunately not possible due to the high organizational effort.

Thank you very much for your understanding!
